PERSONAL INFORMATION

Nationality: Indian — **Date of Birth:** December 6, 2000
Passport No: B9281907 — **Passport Validity:** December 22, 2024 – January 21, 2034
Visa Status: Visit Visa Valid Until April 28, 2026
Languages: English, Malayalam, Hindi, Tamil
Availability: Immediate — Open to relocation

PROFESSIONAL SUMMARY

Results-driven Technical Support Engineer with 1+ years of experience in IT infrastructure, network troubleshooting, and customer support. Proven track record in resolving complex technical issues across hardware, software, and networking systems. Hands-on experience in complete PC building from component selection to assembly, OS installation, disk partitioning, driver setup, and software configuration. Proficient in dual-boot setups and virtual machine environments (VMware, VirtualBox). Skilled in Linux administration (RHCSA), IoT, and robotics. Seeking to leverage comprehensive technical expertise and problem-solving abilities in a challenging IT role at a forward-thinking organization.

TECHNICAL SKILLS

Systems & Platforms: Linux (Red Hat), Windows Server/Desktop, VMware, VirtualBox, Android, Dual-Boot Configuration
PC Building & Setup: Component Selection, PC Assembly, OS Installation (Windows/Linux), Disk Partitioning, Driver Installation, Software Configuration, System Optimization
Networking: LAN/WAN Configuration, TCP/IP, Router/Switch Setup, Cisco Packet Tracer, Network Troubleshooting
Hardware & IoT: PC Assembly/Upgrades, Hardware Diagnostics, Raspberry Pi, Arduino, Robotics Systems
Support Tools: Ticketing Systems, CRM Software, AnyDesk, Remote Desktop, Active Directory
Development & Tools: GitHub, MS Office Suite, Video/Photo Editing, Documentation, Data Entry
Soft Skills: Customer Service Excellence, Technical Training, Problem-Solving, Multitasking, Communication

PROFESSIONAL EXPERIENCE

Technical Support Engineer

Asianet Satellite Communications — Adoor, Kerala, India
August 2024 – May 2025

- Provided Tier 1/2 technical support for 60+ daily customer inquiries, resolving hardware, software, and network connectivity issues with 95% first-call resolution rate
- Diagnosed and troubleshot complex networking problems including router configurations, ISP connectivity, LAN/WAN setups, and satellite communication systems

- Managed ticketing system workflows, ensuring timely issue escalation and resolution while maintaining detailed technical documentation
- Configured and deployed networking equipment (routers, modems, WiFi extenders) for residential and commercial clients, reducing setup time by 30%
- Collaborated with cross-functional teams to identify recurring technical issues and implemented preventive solutions, reducing support tickets by 25%
- Performed remote troubleshooting using AnyDesk and other remote access tools to assist customers with technical issues
- Maintained customer satisfaction ratings above 4.5/5 through excellent communication and rapid issue resolution

Information Technology Instructor

Sam Omman Memorial Technical High School — Kulathupuzha, Kerala, India
June 2024 – August 2024

- Taught and trained 8th, 9th, and 10th-grade students in fundamental IT concepts including computer hardware, basic networking, and software applications
- Managed and operated the school's computer laboratory, ensuring all systems and equipment were functional and properly maintained
- Handled complete lab troubleshooting including hardware repairs, software installations, network connectivity issues, and system upgrades
- Supervised hands-on practical sessions where students learned PC assembly, basic networking setup, and operating system navigation
- Assisted students with their IT project work, providing technical guidance and mentorship throughout project development and implementation
- Upgraded and maintained laboratory equipment including computers, networking devices, and peripherals to ensure optimal learning environment
- Conducted daily equipment checks and performed preventive maintenance to minimize downtime and ensure smooth lab operations

EDUCATION

Bachelor of Computer Applications (BCA) — Part-Time, Online Mode
Mangalayatan University — *2024 – 2026 (In Progress)*

Diploma in Computer Engineering — CGPA: 7.52/10
Al Azhar College of Engineering and Polytechnic — Thodupuzha, Kerala — *2021 – 2023*

Higher Secondary Certificate
MSHSS Mynagappally — Kollam, Kerala — *2017 – 2019*

CERTIFICATIONS & TRAINING

Red Hat Certified System Administrator (RHCSA) — KodeKloud — 2024
Advanced Linux system administration, user management, storage configuration

Advanced IT Troubleshooting for Helpdesk Support Technicians — Udemy
Comprehensive troubleshooting methodologies, helpdesk support, technical problem-solving

Ethical Hacking Training — Hp Cloud Innovations
Network security, penetration testing, vulnerability assessment, security protocols

Certificate Course in Advanced Robotics — C_APT — 3-Month Program
Robotics programming, sensor integration, automation systems, embedded systems

Field Technician Computing & Peripherals — NSDC - Skill India Digital
Hardware troubleshooting, peripheral installation, field service best practices

Robotics & AI Workshop - Raspberry Pi & UR5 — 2-Day State Level Workshop
Raspberry Pi programming, robotic arm control, AI integration
